

# ARAPAHOE AVENUE ELECTRIC UNDERGROUNDING PROJECT

## CONSTRUCTION STARTING SOON

This map is a graphic and may not show exact locations.

**Construction is expected to begin in spring 2024 and continue through fall 2024. Schedules are subject to change.**

During work, you may notice:

- Marking of utility lines and utility survey holes.
- Vegetation clearing or removal.
- Road and sidewalk closures.
- Traffic control.
- Parking restrictions.
- Temporary changes to business access.
- Temporary changes to RTD bus stops.
- Construction noise.
- Scheduled power outages.

All work areas will be restored to preconstruction conditions as weather allows. Work areas may be left temporarily restored after construction until we can complete the final restoration.

### Overview

Xcel Energy will convert approximately 4,700 feet of existing overhead electric distribution lines to new underground distribution lines along the south side of Arapahoe Avenue, between Foothills Parkway and 55th Street in Boulder, Colorado.

### Safety

Public safety is at the foundation of all we do. The safety of the public influences every decision we make. We proactively approach public safety by implementing safety measures before, during, and after construction. Please do not enter work zones for your and the crew's safety.

If you have questions or concerns, please reference the project contact information below, and we will respond within one business day.
